## THE NINETY-THREE MEMORIAL FUND

The Ninety-Three Memorial Fund, the creation of which was voted at the Reunion of 1913 (see Third Roster, page 7) now amounts to \$8,019. This represents the total amount contributed by members of '93 through the Cornellian Council toward the expenses of the University up to September 12, 1920.

The Semi-Centennial Endowment Fund Campaign has up to date brought from the members of '93 the total sum of \$109,608. The total number of living members, so far as known, is 441. The class of '92, with 400 living members, has contributed \$88,216; '94, with 450 living members, has contributed \$109,973; and '95, with 503 living members, has contributed \$118,524. It is scarcely likely that the average income of the members of these other classes is larger than that of the members of our class. It is to be greatly hoped that in the drive for the remaining five of the ten millions for increased endowment, '93 will take her rightful place, and that we shall be able to endow at least a professorship which shall forever bear our name.

It has now (April 7, 1921) been announced that we have five years in which to complete our quota of \$125,000. Let's not take all that time.

Do you remember how Prexy Adams, after the escapades of the winter of '90-1, publicly said, "I wish to commend especially, for good conduct, the classes of '91, '92, and '94," and how we all laughed at him, regarding it all as a joke? Let us take this Endowment Drive seriously, and not give anybody an opportunity to praise our neighbor classes to our reproach.

## THE ROSTER

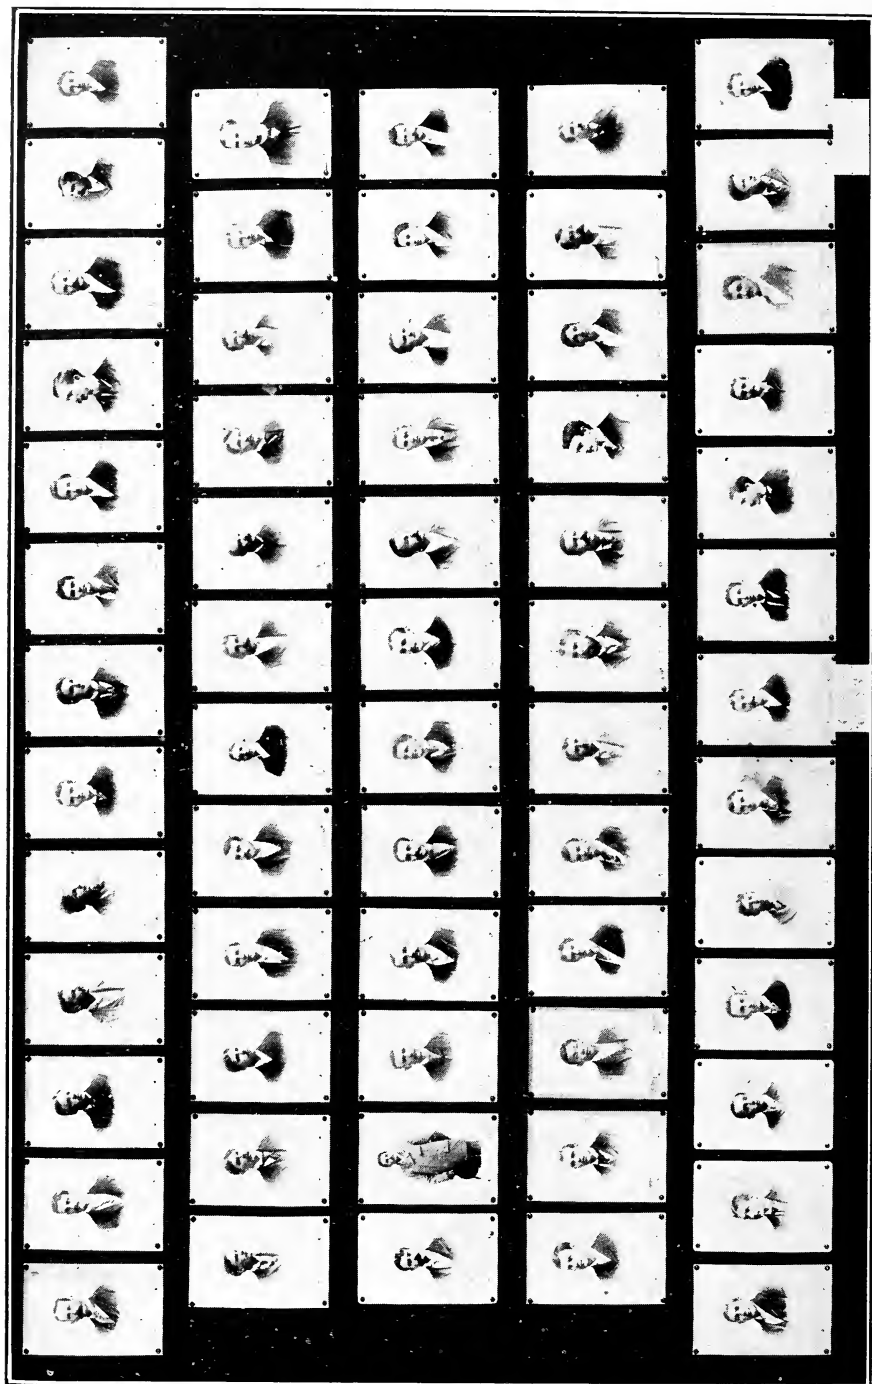

### INTRODUCTORY

The list contains in all 563 names. Of these 38 who took a degree in 1893 belong either actually or by preference to other classes. This leaves 525 names in the '93 group in the narrower sense.

In 1889-90 there were registered 356 actual freshmen (besides 55 registered back from other classes) and 42 entering specials. In 1891-2 there were registered 68 juniors in Law. That is, 466 students entered with the full class of '93.

In 1893 there were 312 baccalaureate and 46 advanced degrees conferred, as follows: A. B., 39; Ph. B., 26; B. L., 30; B. S., 26; B. S. in Agr., 3; B. S. in Arch., 8; C. E., 25; M. E., 93 (a proper number); LL. B., 62; A. M., 4; M. L., 3; M. S., 4; M. S. in Agr., 2; M. C. E., 2; M. M. E., 14; LL. M., 11; D. Sc., 2; Ph. D., 4. The number of persons in the list who did not take a degree in '93 is therefore 205.

The following 81, or 15.5 per cent, are known to have died: Anthony, R.
